1 WALL GRAPHICS

Wall Graphics are a great way to utilise empty space on your office walls. The best thing about digital wall wraps is that there are no design limitations and you can convert any wall space into a piece of art. This can be anything from a simple branded/logo wall to a complete bespoke setting like a beach or waterfall to go into a staff canteen area.

It can also be used to create a perfect feature wall in your meeting room to completely WOW your clients!

Using only the best materials, all of our wall vinyls are installed using high-tack adhesive ensuring that your wall vinyls will stay stuck to most wall finishes. Partnered with a matte laminated finish gives your office the classy look it deserves.

2 HOARDING GRAPHICS

We believe that any blank space is a wasted opportunity! Temporary hoarding is always seen as a bit of eyesore to the public despite it keeps them safe from heavy plant and machinery. Hoarding Graphics is a great way to advertise company branding. It can also be an effective way of displaying some plans of what will be behind the hoarding when the work is complete. These vinyls can be installed internally and externally with a choice of gloss, matte or even an anti-graffiti finish, making sure the vinyls look fresh for as long as they are needed.

We also understand the importance of site safety, which is why all of our installers are trained at working at height with all appropriate certifications and will always follow site rules during the installation of the vinyls.

Site visits may be required prior to installation to make sure of any measurements and prices are based on a square meterage rate.

WINDOW VINYL

There are many different ways you can utilise glass windows in your office building or even at home. It is another great way to make use of empty space and turn it into an excellent advertising tool and can also be used to add some privacy to certain areas. Our window vinyls can be used both internally & externally and also come with a gloss or matte overlamination, making sure that the windows can still be cleaned without having any affect on the printed areas.

STANDARD VINYL

Perfect for adding some small, subtle details/ logos to a window or glass shopfront.

Usually used to compliment shop signage to show products & services.

FULL COVERAGE (BLOCK OUT)

This is another great way to display business services & products in your shop window.

Printed onto a grey backed adhesive vinyl, this film serves as a block out film which prevents light from passing through.

£50.00 PER M² +VAT

CONTRA-VISION (PRIVACY/ONE-WAY FILM)

A very popular option for adding some privacy to your windows.

This unique film comes with small perforations to the face of the film which displays a full colour image from the outside whilst letting light through to the inside.

£60.00 PER M² +VAT

FROSTED VINYL (PRIVACY)

A great way to add privacy due to its frosted finish. This film can also have custom branded print to the face or even cut out text to be used on a board room door. This film allows some light to pass through but keeps anything behind the glass to a blur.

PLAIN £30.00 PER M² +VAT
PRINTED £45.00 PER M² +VAT
