## LET US KNOW THE QUANTITY, COLOUR AND FINISH YOU REQUIRE

# 1 ROLLER BANNERS

Our branded Roller banners are a freestanding printed graphic which rolls inside an aluminium, spring-loaded mechanism. This makes them very easy to store and transport to your events. They are also often known as pop-up, pull-up, or roll-up banners. They are a great option for any advertising need and are very easy to use.

These come in two sizes:

**800mm x 2000mm** (visible display size) and **1500mm x 2000mm** for that extra advertisement space.

All of our Roller Banners come in a handy carry case for easy transportation and to make sure the banner is kept fresh after every use!

# 2 PVC BANNERS

Our digitally printed PVC banners are a great option for any occasion. These can be used in many different ways for business use as well as personal use for parties and small events. All of our PVC banners are made with external grade PVC backlit material meaning as long as it is installed correctly will withstand the elements of the outdoors. They also come hemmed on all 4 edges with eyelets placed equally around the edges to give you the best chance of hanging the banner easily.

**PVC Banners can be made to any size and are priced at a square meter rate.**

**£45.00  
PER M<sup>2</sup> +VAT**

**Get in touch with our sales team if you need any help on prices.**

# 3 MESH BANNERS

Our custom printed mesh banners are a perfect option for those who work in construction. The micro mesh banner material allows wind/air to pass through easily meaning your heras fencing will still be left standing in all weather. It is an ideal way of turning and usually boring space into a perfect advertising space for your business.

Additional eyelets to either side of the banner allows for easy fixing to the fencing panels aswell as hemmed edges for added durability.

**Mesh Banners can be made to any standard size of heras fencing and are priced at a square meter rate.**

# 4 SCAFFOLD BANNERS

The scaffolding banners are an excellent way to showcase your company branding and is a smart way to show off your scaffolding structures. The thick PVC banner material is highly durable to withstand all types of weather along with the stitched tube pockets to allow the banner to be secured to the scaffold poles easily and effectively. These can be custom made to specific tube sizes.

If your scaffolding is in a high wind area - we also offer the mesh scaffold banner which just like our usual mesh banner, allows wind/air to pass through with ease to give you that extra piece of mind.

**PVC**

**Scaffold Banners can be made to any size but we would advise anything larger than 1m x 1m to be made using the mesh material due to safety with high winds.**
